

# Yad B'Yad (Side by Side)

18 months-3 years —with parent

This unique program introduces young ones to a preschool environment with their parent/caretaker at their side. Each class offers a balance of structured and unstructured activities as they learn to play cooperatively and independently. Children encounter all the elements of a traditional preschool curriculum: art, language, music, movement, dramatic play, as well as Jewish holidays and traditions. A parenting book is included with registration for the Fall/Winter Session providing topics for classroom discussions.
